SUBJECT: **"Approved"** Lilly HSE Qualification Rating, effective through February 01, 2014

This letter confirms your company's HSE qualification rating of "Approved". The HSE qualification process includes a review of your company's Experience Modification Rate (EMR), OSHA recordkeeping information, and submitted HSE program materials. Should you have questions regarding how the HSE qualification process is performed, or if you need to verify the HSE qualification status for one of your sub-contractors, please contact the HSE Qualification Administrator at (317) 433-8389.

Please inform the HSE Qualification Administrator of any updated EMR, OSHA recordkeeping information, or revisions in your HSE program, policies, or procedures that could impact the status of your company's HSE qualification rating.

Note: All contract firm fatalities occurring outside Lilly must be reported to Lilly through the HSE Qualification Administrator within 10 days. Any fatality on Lilly property must be reported immediately. All fatalities are reviewed and can potentially change your company's status.

Sincerely,

Fred L. Cline
